

## WEDDINGS

**FRESH Flowers & Events** is honored to become a part of one of the most special days in your life. From hand selecting the finest quality and freshest flowers to surround your celebration in beauty, to coordinating every last detail for a seamless celebration, our goal is to understand, design and deliver an experience especially for you. We pride ourselves in making each design, from the bouquet, the centerpieces, to the ceremony arrangements an original concept that truly reflects the bride and groom.

Wedding floral packages are available, ranging from \$350 - \$1,500. These packages are designed for a beautiful floral presentation while staying within certain budget ranges. The packages can change by color as listed in the package menu.

We will create a custom design package for bridal orders above the \$1,500 preset packages. To get started, we will schedule a custom consultation with a professional designer who will listen and ask about your vision to bring your concept to life through a personalized design. We offer custom wedding planning, from florals to full wedding coordination. After the initial consultation, you will receive a proposal to review outlining the full set of services requested and pricing structure. We hand craft each proposal based on the conversation and direction from the meeting with the bride, creating a custom design and experience.
